PRESS RELEASE

MTX Connect Jamshedpur 2025 Wraps Up with Strong Industry Buzz

Over 700 visitors turn up as the manufacturing industry shows robust engagement

Bengaluru, 10 November 2025: The third edition of MTX Connect, organised by the Indian Machine Tool Manufacturers' Association and the Confederation of Indian Industry (CII), as a strategic partner, concluded on an inspiring and optimistic note.

The exhibition, organised under the theme 'Where Technology Meets Opportunity in Eastern India', held at Jamshedpur from 3 to 4 November 2025, successfully brought together industry leaders, innovators, and stakeholders to explore new avenues for growth and collaboration. Visitors from various industries, including automobile and auto components, steel, construction machinery, welding, and general engineering, attended the event, primarily from Jamshedpur and its surrounding areas.

Earlier, Tapas Sahu, Former Chairman, CII Jharkhand and CEO & Managing Director, Highco Engineers Private Limited, Diloo Parikh, Vice Chairman, CII Jharkhand and Director, Vaidehi Motors Private Limited, Devang Gandhi, Vice President, Adityapur Small Industries Association, and Harsh Bankrewal, Vice President, Singhbhum Chamber of Commerce & Industry, graced MTX Connect Jamshedpur with their presence.

Mr Sahu stated that MTX Connect Jamshedpur was significant for the growth of the Eastern region. Jamshedpur has over 1,400 industries, and an exhibition like this helped them connect with top manufacturers and stay updated with the latest technologies.

Mr Parikh in his speech mentioned that having exhibitors from various parts of the country showcase their products at MTX Connect Jamshedpur is essential. This will significantly benefit the industries in and around Jamshedpur and Jharkhand, adding considerable value through technological advancements.

Mr Gandhi and Mr Bankrewal also stressed on the need for such exhibitions in the Eastern region for the development of industries which will benefit small manufacturing units by bringing the technology at their doorsteps and creating a better manufacturing services ecosystem.

Speaking about the exhibition, Jibak Dasgupta, Director General & CEO, IMTMA, said, "The eastern region traditionally has a good industrial base and also a significant growth potential, especially in advanced manufacturing. By organising MTX Connect Jamshedpur, we have

opened new avenues for the machine tool industry companies to establish their business in the region, which is a big focus area for IMTMA”

About IMTMA

Established in 1946, Indian Machine Tool Manufacturers’ Association (IMTMA) is the apex industry association for machine tool industry in India. IMTMA has a membership of more than 500 companies from public and private sectors, manufacturing a wide range of metal cutting and metal forming machines, accessories, cutting tools, and other related equipment. IMTMA plays an active role in the growth of the machine tool industry through policy advocacy, exhibitions, knowledge platforms, publications, research reports, training, and skill development. IMTMA has also developed a green exhibition facility, the Bangalore International Exhibition Centre, for organising exhibitions, conferences, and corporate events.
