Transforming Industries in Regions

Machine tool expos organised in various locations across India serve as essential platforms to deliver advanced technologies to the doorsteps of industries. MTX Connect Jamshedpur is a touchpoint for industry, academia and innovators to unite and strengthen India's manufacturing prowess.

Reasons to Visit

You can connect with machine tool manufacturers to access the latest technologies, network and collaborate with industry players, drive long-term goals for domestic and global consumption, and acquaint yourself with products, services and solutions in one platform.

Why Jamshedpur?

Jamshedpur, known as the "Steel City of India", isn't just about heavy industry anymore. With its strong base in steel, power generation, and supporting SMEs, it's an ideal hub for industrial transformation.

Key Points

- Strategic hub with abundant natural resources and robust infrastructure.
- Presence of automobile, electronics, power, and SME/ancillary sectors in and around Jamshedpur.
- Designed to bring products, services, and solutions directly to local user industries.

What You'll Experience

- 45+ Exhibitors showcasing global technologies
- 2 Days of innovation and industry networking
- Gain first-hand access to cutting-edge solutions
- Discover sector-focused technologies for your business
- Build new partnerships & collaborations

**Indian Machine Tool
Manufacturers' Association**

Established in 1946, Indian Machine Tool Manufacturers' Association (IMTMA) is the apex industry association for machine tool industry in India. IMTMA has a membership of more than 500 companies from public and private sectors, manufacturing a wide range of metal cutting and metal forming machines, accessories, cutting tools, and other related equipment. IMTMA plays an active role in the growth of the machine tool industry through policy advocacy, exhibitions, knowledge platforms, publications, research reports, training, and skill development. IMTMA has also developed a green exhibition facility called Bangalore International Exhibition Centre for organising exhibitions, conferences, and corporate events.

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering Industry, Government and civil society through advisory and consultative processes.

For 130 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. With its extensive network across the country and the world, CII serves as a reference point for Indian industry and the international business community.

In the journey of India's economic resurgence, CII facilitates the multifaceted contributions of the Indian Industry, charting a path towards a prosperous and sustainable future. With this backdrop, CII has identified "Accelerating Competitiveness: Globalisation, Inclusivity, Sustainability, Trust" as its theme for 2025-26, prioritising five key pillars. During the year, CII will align its initiatives to drive strategic action aimed at enhancing India's competitiveness by promoting global engagement, inclusive growth, sustainable practices, and a foundation of trust.
