

**Indian Machine Tool
Manufacturers' Association**

IMTMA has been at the forefront of skill development through its Technology Centres in Bengaluru, Pune and Gurgaon. Its flagship show IMTEX is one of the leading global machine tool exhibitions. IMTMA also organizes seminars, summits, and regional expos to develop the manufacturing industry. A state-of-the-art exhibition venue - Bangalore International Exhibition Centre (BIEC) set up by IMTMA acts as an ecosystem for the development of exhibitions and events in India.

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering Industry, Government and civil society through advisory and consultative processes.

For 130 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. With its extensive network across the country and the world, CII serves as a reference point for Indian industry and the international business community.

In the journey of India's economic resurgence, CII facilitates the multifaceted contributions of the Indian Industry, charting a path towards a prosperous and sustainable future. With this backdrop, CII has identified "Accelerating Competitiveness: Globalisation, Inclusivity, Sustainability, Trust" as its theme for 2025-26, prioritising five key pillars. During the year, CII will align its initiatives to drive strategic action aimed at enhancing India's competitiveness by promoting global engagement, inclusive growth, sustainable practices, and a foundation of trust.
